

Housing scheme wins award

A bungalow development at Middleton Tyas has been awarded a medal in the Department of the Environment's good design in housing awards for 1973.

The award came in the private sectors scheme category three, for Oakfields, Moulton Lane at Middleton Tyas.

The scheme includes 30 detached bungalows with a village green amenity area through which runs a stream with simple stone bridges over it.

The medal winning displays are on show at the Rates Hall, Civic Centre, Newcastle, from February 12 to 14.

The 1974 competition is now open for entries.
