Hello everyone, I hope you have all managed during the strange times we have been through over the last 16 months. Let's get back to some sort of normality by starting again with an outing on July 15th. All details next month, destination, numbers etc.
I hope you all feel that this is a good idea and please let me know if you know of anyone who might like to join us.

Sara Vaux. 377228

And a simple riddle (for youngsters to try):

Two fathers and two sons sat down for breakfast. They ate exactly 3 eggs, each person had an egg. How did they manage this?

Please email, phone or write by 15 June. Correct answers into hat and first 2 out - small prize - usually some chocolate.

OUTREACH POST OFFICE - TUES & WEDS 10AM-NOON

I wish that whoever has their finger on the fast forward button would take it off. I mean, really, June is coming already? The month that I will be 39 again, or whatever age I lied I was last time/could get away with on a good day. I've barely finished typing last month's page and there we are, closing up on the 20th again. I've just finished fending off the bloke who wants me to write his next podcast, some chap I forget his name (Larry, Barry?), whose wife I can hear dribbling on in the background about pain and suffering and unfairness while there is the distinctive clink of a crystal decanter and a Hispanic voice telling her that the baby has swallowed a diamond off his pacifier again.

I've told him I'm too busy running a shop and being grunted at by a teenager, but he keeps trying. Something about the British perspective on his problems and while I'm at it, to send him some Marmite. Love it or hate it, he says, then witters on about how he used to be loved. Thankfully a gong sounds in the background and he mumbles that the butler is calling him for dinner...

Now given the speed we are selling eggs, which are clucking marvellous and come from Gilling West, so have very few food miles – and actually, considering most of the time they're brought when our egg lady is doing the school run, they're practically negative food miles really – they gained a few fans while people weren't travelling to supermarkets and coming to our wee shop instead. Yay. But did you know that you can bring the boxes back for reuse. No? Well, now you do. Recycling and all that. A box of 6 large costs £1.40 and medium, £1.30.

If there are any shareholders of the shop who haven't had the AGM bump this year, this is either because I have an old email address that you never look at anymore because that Prince of Nigeria had got hold of it and filled your inbox with promises of love and devotion and fortunes (just send me £10k so I can escape my evil captors and so forth), or somehow I've missed you completely. Which has been known. Let me know and I will send you lots of pages of good news (which makes a change).

If you would like to become a shareholder, it is £25 a share. You get no benefits apart from supporting your community shop, being au fait with how we are doing and whether the Manager needs a pat on the back, a smack or the sack, and being able to come to the AGM and say your bit – or in the case of the last two AGMs, get sent a load of paperwork (which studies have indicated is good for insomnia).

Or don't forget, if that ever so grateful feeling that we managed to keep you fed, wined and loo-rolled through the various lockdowns is still with you but you find you're not able to get to the shop now, we take monthly donations from other ever so grateful people. If you would like to set up a DD, our account name is Middleton Tyas Village Shop Limited, sort code 089299 and account number 65155220 (the name has to be put in full otherwise the computer says no). Thank you to those people who've already done this, it really does make a big difference to keeping me gainfully employed. It's not pretty when I'm not, trust me.

I know that those people who read this page remember every word I have typed. They haunt them day and night, a constant background dirge of shop news and desperate fillers as I wonder what to say, like an ear worm stuck in your poor heads. So you will remember that I said that we may have to start charging for bags soon. And so we do, from the 21st, so by the time you get this and come in to the shop and have forgotten your bag, we will have to charge you 10p for a new one – and nothing if we still have some recycled ones.

This month I have mostly been drinking Cropton Yorkshire beers – Blackout, Golden, Moors – and their lager and cider. The beers and lager are £2.50 for 500ml, and the cider slightly more expensive because it costs us more. All lovely and when we can get hold of stock, we can put three of them in a shiny gift box for your beloved. Or nice neighbour. Or your beloved nice neighbour.

One line left - Father's Day is Sunday 20 June and bacon butties the first Saturday of every month. Whoop.

FROM THE PARISH COUNCIL ~

Best Kept Village Competition 2021

Richmond Rotary have now sent us their Judges' Guidelines for the competition and they will be inspecting the village during the first 2 weeks of July. If you could help by tidying outside your own property by the end of June, that would be brilliant. *Thank you!*

There are 16 villages taking part this year and, in summary, the Judges are asked to look at:

- Condition of Village Green, Village Centre and/or Main Streets.
- Absence of litter.
- Condition of hedges, fences and walls, especially those adjacent to and surrounding buildings and gardens. (*We scored quite badly in this category last year!*)
- Condition of Churchyards and Burial Grounds.
- Condition of flower and vegetable gardens.
- Appearance of garages, outbuildings and sheds.
- Condition of Industrial Estates (in the Town) and Farmyards (tidy with no scrap).
- Cleanliness and absence of rubbish in ponds and streams flowing through or by the village.
- Condition of Community Buildings, other public buildings and War Memorials and surrounding areas.
- Condition and cleanliness of bus shelters and surrounding areas. (*We don't have one.*)
- Cleanliness of telephone kiosks and surrounding areas. (*We don't have one.*)
- Appearance of Post Office and/or Shops. (*We always do well here!*)
- Appearance of Inns/Public Houses/Guest Houses.
- Condition and situation of seats.
- Condition of Notice boards and display of public notices.
- Display of tubs and hanging baskets at private houses, public houses, etc.
- Encouragement of wildlife (bird feeders, bird baths, wood piles for hedgehogs, etc).

Judges are told that "Certain villages/towns have a natural charm and beauty but are not necessarily of the highest standard. So far as possible you have to judge the effort made by communities to keep their village/town as clean and attractive as possible in all respects".

Co-option of a Parish Councillor

We are still looking to co-opt a new Councillor to serve until the next Elections (2023).

If you would like to discuss the role, please contact any Councillor or the Clerk for a chat.

Their contact details are on the 3 notice boards and the website www.middletonyas.org.uk

Annual Meeting & Parish Assembly

Thank you very much to those representatives of village organisations who gave their time to join the Zoom call and present reports of their past year's (or 2 years') activities to the resident's Annual Meeting on 29th April. If anyone who could not attend would like a copy of the Draft Minutes sending to them, please contact the Secretary after 25th May - clerk.mtyas@live.co.uk / 377062 / 07542 809587. Those who attended will receive a copy automatically.

Football Pitch for hire

The village Football Pitch on Kneeton Lane is available for hire. If anyone knows of a team wishing to use it to train and/or play matches, please contact the Parish Clerk for details.

Arthritis Action

Do you have arthritis or know someone who does?

Arthritis Action have an exciting event coming up on Zoom for Yorkshire residents – an 'Introduction to Self-Management for Arthritis'. Suitable for adults with any type of arthritis, we'll be exploring what self-management is and how it can help. Topics covered will include keeping active, mental health, and diet. The event is free to attend.

[Introduction to Self-Management for Arthritis](#)
Jun 23 @ 2:00 pm – 3:15 pm

This special event is for adults living with arthritis in Yorkshire. In it we will explore what self-management for arthritis is, and discuss elements including keeping active, mental health, and diet. You need an internet connection in order to participate.

Arthritis Action is a UK charity giving hands-on, practical help to improve the quality of life of people affected by arthritis. We offer an integrated self-management approach, which looks at both the physical and mental health impact of living with arthritis. We support people living with musculoskeletal conditions through healthy eating advice, mental health resources, pain management techniques, local Groups, and exercise advice and resources.

To take part please email: ruth@arthritisaaction.org.uk or telephone 0203 781 7120 and we will email you the joining details to use on the day.

School News from Helen Richardson

Despite what the weather might be telling us, Spring has definitely arrived in pre-school and Reception when the children were visited by some chicks and lambs! It was a fabulous learning opportunity for the children, who thoroughly enjoyed stroking and asking questions about the animals. Staying with animals, the children are excitedly watching our caterpillars to see the transformation they go through to become beautiful butterflies! The children also became chefs, making porridge and red velvet cupcakes which linked to their class stories of 'Goldilocks and the 3 Bears' and 'Little Red Riding Hood.'

Year 1 have become excellent detectives and have followed the first clue to find out what has become of the Queen's missing bag and hat! They have thought of some very interesting predictions and are eagerly awaiting the next instalment of this fantastic class story. Debate has been raging in the classroom with the children discussing whether the wind is good or bad and they put forward some very convincing arguments both for and against the wind. The children have also been looking at animal habitats and are now busy designing some of their own.

Year 2 have had another busy week, enjoying their DRUMBA sessions and making the most of the sunshine to play golf as part of their PE lesson. The children have also been measuring using centimetres and metres as well as using positional and directional language to program the BeeBots to find Paddington Bear! The children have also designed some pet habitats, thinking about what they need to provide to keep the pets safe, warm and comfortable.

Over in **Year 3** the children have continued learning about fractions in Maths. They have also become budding authors by planning and writing news reports based on their class novel 'Song of the Dolphin Boy.' They also had a fabulous time in their new DRUMBA session. The children have been Eco warriors and have written persuasive letters to climate activist Greta Thunberg which links to their topic of recycling.

As part of their Science lesson, Year 4 have planted some bean seeds. They are going to watch to see if they grow and how different conditions such as no light or not watering them might affect them. More updates on this interesting experiment will follow! The children have been tackling the tricky issue of telling the time on a digital and analogue clock. They just need a little bit more 'time' to do this! The children have also been looking at the Christian value of 'Friendship' and have written some lovely poems which have been put into a book in the classroom for all the children to enjoy.

Year 5 have been very excited about beginning their new Minecraft Education sessions in Science and Computing. They have also been looking at different mountain ranges around the world and how mountains are formed and have been investigating the relationship between elephants and humans! The children have been busy planning and creating comic strips retelling the story of the eruption of Mount Vesuvius and its destruction of Pompeii. They are also very excited about researching catapult designs in preparation for making their own! Meanwhile Year 6 have been continuing their topic of Ancient Greece and have excitedly begun looking at their end of term production 'Go For Gold' which ties in beautifully with their topic. The children have been putting their knowledge of formal writing into practice and have written some wonderful reports based on the class text 'Who Let The Gods Out?' They are also eagerly awaiting to go on their class residential trip to Robin Wood, a great opportunity for them to spend some quality time away with their friends, team building, sharing, working together to problem solve and to generally have a fantastic 3 days away!

Race For Life

A big Thank You to everyone who has donated so far and there is still time to support our school's Race For Life which takes place on 28th May. All money raised is going to Cancer Research UK. We'd love to smash our £500 target! Please show your support and go to <https://fundraiser.cancerresearchuk.org/page/trinity-academy-middleton-tyas>

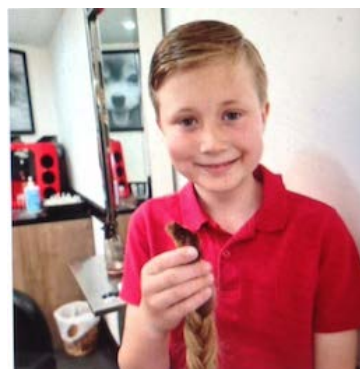

A Date For Your Diary

As Covid restrictions begin to ease, the Friends are busy behind the scenes organising our fabulous Summer Fair which will take place on Saturday 17th July, 11am-3pm.

This is a major fundraising event for our schools so we hope that our local communities will come out and show their support. We've booked the sunshine and have plenty of activities planned including a BBQ and bar, cream teas and cake stall, tombola, raffle, treasure hunt, live music and craft stalls. The children will also be running their own enterprise stalls and games. We hope to see you there!

Well Done Zac!

We are all very proud of one of our pupils, Zac, who has raised more than £2000 and donated his hair to the Little Princess Trust who make wigs for people who have sadly lost theirs through illness or cancer treatment.

Ore-some Copper Belles WI

It was eyes down for a full house again in May for another Ore-some Bingo night. As well as having a few games of 'serious' Bingo, we also explored some of the meanings behind the traditional Bingo calls used. With a few Dancing Queens and

some great P.C. 49 impressions, we debated 'was she worth it' for 5 and 6 (56) and the historical relevance of the Doctor's Orders for number 9. Well done to our overall winner and the many runners up – prizes are on the way to you!

As the Covid restrictions are lifting, we are beginning to plan towards the future in terms of how we meet. As a group, it is important that all members are happy and comfortable with the plans we make and that we can accommodate everyone's preferences. Please could all members, therefore, complete the simple survey sent out to you, as our first step forward.

Next month, Quirky Birds will be joining us to give a lesson on watercolour painting. Join us on Tuesday 8th June at 7pm and remember to have your paints, brushes and paper ready as per the email.

The WI will also be supporting Harriett, from the village, on 29th May with her litter pick initiative. Calling on all our ladies (with their families) to be #Litterheros and help keep our village tidy (working within the rules of Government Covid guidance of course). Thank you to Harriette for organising.

We are always looking for new people to join our group. If you fancy a bit of monthly socialising with us, please get in touch at oresomecopperbelles@outlook.com. Membership is £44 annually.

Moulton Matters

Books in the Moulton Book Stop

The sale of books DVDs, CDs, plants, tools, cakes, games and jigsaws in the bus shelter during April raised £340.62, thank you to all our supporters. All books, DVDs and CDs are priced at 50p.

Good quality fiction books, plants and any other produce are always welcome. Please leave them on the benches in the bus shelter. All proceeds will go towards Moulton Village Association funds.

Best Kept Village Competition

How time has flown. The Best Kept Village Competition will be judged during the first two weeks of July. The tubs and boxes will be refreshed with summer bedding at the end of May and the Moulton Grasscutters continue to do an excellent job on the verges and lawns. Good luck in keeping your borders healthy in this changeable weather. Benches, noticeboards and the bus shelter will be maintained over the coming weeks – thanks to those who have volunteered to spruce them up.

Telephone Box

We received notice through Richmondshire District Council that BT intend to remove the public telephone unless reasons are given to justify that it remains. Following responses from residents, the Parish Meeting has contributed to the consultation by stating that we have a poor mobile signal in the village and in a medical emergency, to access the defibrillator (located in the Black Bull car park if you are not aware), the public phone could be vital. The decision will be announced in due course.

The Lazenby family

The Lazenby family had lived in Moulton for over 100 years and in recognition of their contribution to the village and following the recent death of Tom Lazenby, the last member of his family to live here, the Moulton Village Association has funded the planting of a cherry tree in their memory. The tree was planted recently, the ceremony watched by a good number of residents with the final spade of soil being placed around the tree by Ken Myers who attended school with Tom.

Speedwatch

Speedwatch activity has recommenced. If any resident would like to join the team, please email moultonparishmeeting@yahoo.co.uk. The team is active when volunteers are available (and the weather kind) once a week in the early morning and late afternoon when traffic is busiest.

Defibrillator Familiarisation

As life returns to something resembling normal, a familiarisation session will be organised to update Moulton residents on use of the defibrillator that is located at the entrance to The Black Bull carpark. If you would like to attend and have not already indicated your interest, please email moultonparishmeeting@yahoo.co.uk.

St Andrew's Church

As many of you will be aware, following fund raising and grant donations, St Andrew's was remodelled back in 2009 and 2010 to provide a community facility for the village. The excellent open space is available for hire and chairs and tables are provided that can be used in a variety of settings. There is also a kitchen, with crockery, cutlery, glasses, a fridge, microwave and oven. There is a toilet! If you have a function or meeting and wish to use the facility, please contact John Gentry.

Moulton Communications

We have a circulation by email (Bcc) to over 70 residents in Moulton. If you are not receiving these or perhaps are new to the village, please contact the Parish Meeting and you will be added to the list: moultonparishmeeting@yahoo.com.

Church Cleaning: Thanks to all who have volunteered to clean St Andrew's.

A Message from Mr. Andrew Hindhaugh

Thousands of businesses and charities had their finances hit because of Covid, so it was no surprise to find that the current account for St. Michaels and All Angels was down £9,000.00 as our income from regular services, weddings and village social events, all disappeared. This is the money that covers the expenses of running the church other than maintenance of the building .

Heat, light and insurance are expenses you would expect but we also contribute to the running of our local group of churches together with our Quota payable to the Diocese who oversee our churches from Leeds. These are over £12,000.00 a year and help pay the clergy, their pensions and accommodation, even when we don't have a vicar of our own !

Anyway, our finances were in pretty good order before the crisis and none of us should expect to make up that loss immediately and things are already picking up with more weddings and increased attendances at our services.

However, it was a wake up call to your Treasurer to see if there was anything more he should do, hence this article.

In 2001 we had our last major appeal and we are certainly not doing anything like that yet., this is just a tickle. At that time every one around was told about our set up for those who wanted to make a contribution either on a regular or one off basis and whether that money should be directed to our current or building maintenance account.

Obviously ,new people have moved into the area since then and after being reminded, some of you may wish to give something again, particularly if you were one of the many who regularly support our money raising social events which couldn't be held last year

My conscience is now clear.

Thank you

Andrew Hindhaugh 01325 377731 or Diana Donnison 01325 377641

Neighbourhood Watch has launched the "Protect Your Pooch" campaign, encouraging people to keep their pets secure, in sight and searchable, and to help make pet theft a specific criminal offence. Lots of details on how to keep pets secure, in sight and searchable, together with facts, figures and other useful information, is available at

PROTECT YOUR POOCH

Keep them SECURE

Secure your property and garden. Pets are easily stolen from a garden when left unattended, even if for just a few minutes.

Crime over the last few months has been relatively low with our biggest issue being poaching, including the suspected theft of sheep from Middleton Lodge and various other incidents. We can email our local PCSOs

Felicity.wilkinson@northyorkshire.pnn.police.uk and

Connor.mattison@northyorkshire.pnn.police.uk

but if we see anything suspicious we still need to call 101 or 999 if it is still taking place.

If you would like to get in touch with us at the Neighbourhood Watch you can always email us at neighbourhoodwatch@middletontyas.org.uk or find us on Facebook.
