Dear Parish Clerk/Chairman

Parish survey on Vehicle Activated Speed signs or Speed Indicator Devices

I am writing to update you on the review carried out by the County Council's Transport, Economy and Environment Overview and Scrutiny Committee looking at the council's policy towards **Vehicle Activated Speed signs**.

I am pleased to inform you that the County Council's Executive has today approved the report's recommendations in principle. Accordingly the relevant Portfolio Executive Member and the Corporate Director of Business and Environmental Services Directorate have been tasked with producing an amended policy to allow parishes to purchase and maintain VAS subject to County Council oversight.

The report that was presented to the County Council Executive can be found at the following link: <http://democracy.northyorks.gov.uk/committees.aspx?commid=18&meetid=3780> The minutes of the meeting will also be included on that link in due course.

Thank you once again to all those parishes who responded to our review.

James Smith or Darren Griffiths in the Traffic Engineering, Highways & Transportation team traffic.management@northyorks.gov.uk will be able to provide you with future updates on progress and next steps should you require.

Yours faithfully,

County Councillor Mike Jordan
Chairman of the Transport, Economy and Environment Overview and Scrutiny Committee
